

Private Jet Centre

The Isle of Man Private Jet Centre is situated on the boundary of the Isle of Man Airport, in Ballasalla.

Over 400 private aircraft land at the Private Jet Centre each year, and it is the ideal place to target high net worth passengers.

There's only a handful of advertising opportunities available, including:

- External Lightboxes (x5) on the perimeter road, as you approach the Jet Centre entrance
- Static branding site (x1) by the lounge exit to the private aircraft
- Digital screens (x3) in the Private Jet Centre lounges and board room

Digital Screens

Digital adverts can be up to 30 seconds long, and the advertising rate is £250 per month for a 3-screen package, sold on a 12 months advertising contract.

The maximum number of advertisers at any one time is limited to six.

Discounted packages are available if multiple sites are booked. Please contact us for further details.
